INTRODUCTION

AENZAY INTERIORS AND ARCHITECTS

11 years of excellence, Aenzay is providing the services of Architectural Designing, Interior Designing, Construction, Fit-outs and 3D Modeling for clients ranging from corporate/commercial to residential.

Ali Malik

CEO MESSAGE

I always had vision in my mind, eleven years ago I came up with an idea and I pour my energy into it. It was an effort to be the best in market which laid the foundation of Aenzay. It was a road map for how to structure, run and grow architecture, interior and construction industry in Pakistan. The challenge was to start with a few resources but there are no limits on who can become a great entrepreneur. It took 11 years to enforce execution against that idea and now here I am the owner of the best interior and architecture design firm in Pakistan. We are one of the top 5 architecture and interior design firm in Pakistan, a milestone we reached in 2021. We achieved this goal by focusing on what we do best—providing the best services that solve tough challenges and make communities stronger. I am proud of our history, inclusivity, and what we've accomplished so far—but we're always working toward an even better future. Why? We are Aenzay, and we believe in design with community in mind.

OUR CORE VALUES

Quality & Safety

Integrity & Professionalism

Customer Satisfaction

Innovation & Creativity

Team Work

OUR MISSION

We are devoted to providing turnkey solutions of Architectural Designing, Interior Designing, Construction, Fit-outs & 3D Modeling at the best possible rates to fulfil our valuable client's bespoke requirements residing anywhere in Pakistan. Our experts and professionals aim to provide comprehensive and integrated services supported by modernized technology at all stages of any given project for interior, architecture or construction.

OUR VISION

To design and construct top-notch buildings that are aesthetically appealing, structurally sound and long lasting within budget, that's why we are team of renowned award winning architects and interior designers based in Pakistan with 11 years of experience. From start to finish, our experts listens to what a client wants and needs from us and then with creative vision, we build their dreams.

OUR OBJECTIVES

Our primary objective is to design and build beautiful livable residential/commercial buildings that are timeless and reflect each client's personality and individual taste. Our experienced and professional team is always on the go to provide outstanding customer services throughout the interior & architecture design process as well as construction continuum to build a business trustworthy relationship.

ARCHITECTURAL DESIGN SERVICES

Every building tells a story, a story embedded in its walls, a tale told by its originators. Such stories are crafted by the intricate work of our architects and designers. Our architects deliver exceptional, customized and unique designs for the clients. We work closely with clients and end users to create buildings that work well on every level, inside and out. Our first consultation is free of charge. Thereafter we draft up a budget and compensation agreement that reflects the project. We would like to get to know you, understand your vision, and successfully design a stylish space reflecting your individuality.

CONSTRUCTION & FIT OUTS

Aenzay works hand in hand with reputable clients to develop all construction fit-out solutions for large and small customized projects. Aenzay is capable to complete large-scale construction fit-out projects to a very high standard, on budget and on schedule. Aenzay provides total satisfaction to its clients in the given time at very competitive price. Contact our professional team for the state of the art construction.
